

PRAYERFUL PETITION

October 3, 2009

Archdiocese of Oklahoma City
7501 NW Expressway
Oklahoma City, OK 73132-1550

Dear Archbishop Beltran,

Thank you for your response to our Petition. We apologize for the misunderstanding however it is not "sponsorship" we seek, but your blessings and acceptance of an alternative solution.

It seems that Catholic Charities and the canonically established parishes with Catholic life and ministry **do not** support *ALL* the needs of those who are "FOR" the Oklahoma Sponsoring Committee (OSC). The controversy and division that this has caused the faithful of our church is far greater than anything we could possibly seek to attain with the OSC. Therefore we seek to offer you our help in community networking with the parishes and community at large.

We the lay faithful propose that the Catholic community network together through faith, hope, and charity in organizing and configuring social life. Thus helping both sides and in turn restores charity back into our parishes. In addition CCN unlike OSC, would not require any membership fees or contracts.

Please find enclosed copies of the outline and structure of the proposed Catholic Community Network (CCN).

Respectfully Yours in Christ,

Outline of structure available online www.catholiccommuntynetwork.org
